# LEASECRUNCH

GASB Compliance, Simplified

Simplify implementation and ensure compliance with GASB 87, 94, and 96 using our streamlined lease accounting software. With LeaseCrunch, you don't need to worry about knowing the ins and outs of GASB lease/SBITA accounting standards. Start implementing and keeping track of government leases, PPPs, or SBITAs in minutes.

Key Features

DUAL ACCESS

+ Allows for flexible client involvement levels ranging from admin to read-only roles

+ Eliminates version control issues and trading spreadsheets back and forth

+ Provides real-time access to audit deliverables for rapid review and feedback

+ Leaves an audit trail of data changes

LESSEE & LESSOR

+ Lessor for GASB 87 includes the same simple 5 step wizard, which helps users enter a lease in 3 minutes

+ Simply select whether the lease will be accounted for as a lessee or lessor which drives different workflows and reports

LIVE SUPPORT & TRAINING

+ Weekly GASB 87/96 trainings for staff and clients

+ Co-hosted firm staff and client webinars on the standards and on the software

+ Submit tickets to our support Center, made up of accountants

+ Access to in-app guides, wizards and Knowledge Base

AUTOMATED, COMPLIANT REPORTS

+ Download audit-ready and error-free journal entries, amortization schedules and footnote disclosures with the push of a button

+ Integrated validation checks improve data input accuracy and ensure compliance with relevant standards and requirements

FAST IMPLEMENTATION

+ Get up and running immediately

+ Invite staff, clients and begin entering leases / SBITAs within minutes

+ Intuitive out of the box workflows drive rapid time to value and ease of use

EMAIL ALERTS

+ Set up notifications about important lease events

+ Alerts can be sent to individuals, teams or specific groups within LeaseCrunch

Tech & Security Specs

+ Cloud-based deployment; rapid implementation

+ Single Sign On, role-based access

+ SOC 1 Type II and SOC 2 Type II completion

+ Access and change audit trail
